

Drop Off Appetizers

Drop Off

Maybe you don't want to pick them up or you don't want to have caterers in your home all night. You can have them dropped off at your home and set up for you.

We will agree upon a time, you choose the menu, we will drop them off to you. Just have your table ready! Hot appetizers will be delivered in chafing dishes to stay warm and cold/room temperature appetizers will be on platters ready to be put on the table.

We will return the next day, or another agreed upon time to collect our equipment and the dirty dishes!
